

Worcester Energy Program's Residential Rebate Pilot

Meagen P. Donoghue, Project Manager

Executive Office of Economic Development
Planning & Regulatory Services Division ~ Worcester Energy Program
Worcester City Hall, 455 Main Street, Rm. 404 (4th floor),
Worcester, MA, 01608
Telephone: (508) 799-1400 x. 5 ~ Fax: (508) 799-1406
Email: worcesterenergy@worcesterma.gov
Website: www.WorcesterEnergy.org

Eligibility Requirements for Applicants

- Property must be in Worcester (owner or non-owner occupied)
- Four (4) dwelling units or less
- No income requirements
 - Low-income home owners may be eligible for more \$
- Deed holder must sign
- All landowners must pay property taxes for the property
- Rebates will not be granted retroactively (after the work is done)
- **Individual Applicant Limitations:** A maximum of 9 dwelling units or \$40,000 for the sum total of all dwelling units can be obtained by a single entity or entities with one or more of the same corporate officers / managers, or owners.

✓ Eligible Work

WORCESTER ENERGY

Residential Rebate Pilot - Rebate Table

| Eligible Work (includes Equipment, Associated Labor Costs, etc.): | | Rebate Amounts: |
|---|--|----------------------------|
| Heating & Cooling | Water Boilers (Gas/Propane with AFUE* ≥ 90%; Oil with AFUE* ≥ 85%) Steam Boilers (AFUE* ≥ 82%) Warm Air Furnace (Gas/Propane with AFUE* ≥ 95%; Oil with AFUE* ≥ 83%) Ductless Mini-Split Heat Pump** (EER* ≥ 12; HSPF* ≥ 8.2; SEER* ≥ 16) | up to \$3,000 ¹ |
| Insulation and Air Sealing | Closed cell foam and dense-pack cellulose | up to \$2,000 ¹ |
| Domestic Hot Water | On Demand; Heat Pump; Indirect Water Heater | up to \$1,500 ¹ |
| Heating & Cooling | Air Source Heat Pump (EER* ≥ 12, SEER* ≥ 14.5, HSPF* ≥ 8.2) | |
| = Total not to exceed \$5,000 per dwelling unit | | |

Other Measures: In addition to the above rebates, energy efficiency or renewable measures not listed above may be eligible for another \$5,000 maximum, not to exceed a total 50% of net costs.

| | |
|--|----------------------------|
| Eligible projects may include but are not limited to: Renewables (solar, combined heat & power, small wind, ground-source heat pump (COP* ≥ 3.3), etc.); deep energy efficiency retrofits; etc. These measures must have a <u>proven, demonstrable payback of 10-years or less</u> to be considered. Applicant will need to provide evidence of 10-year payback with the application. "Other Measures" projects may require 3rd party testing/modeling. Eligible costs include equipment, associated labor costs, etc. Please call to discuss your project's requirements. | up to \$5,000 ¹ |
|--|----------------------------|

Notes:

- 1) Rebates cannot exceed total net costs (e.g. gross costs less eligible & received MassSave/other energy efficiency incentives) for labor and materials for each project. EPS (Energy Performance Scorecard) costs are rebate eligible.
- 2) Low-income individual owners can be reimbursed up to 100% of net costs up to \$5,000 per dwelling unit (see the Pilot Guide & Requirements for additional information).
- 3) Open to owner and non-owner occupied 1-4 existing residential dwelling units, regardless of income.
- 4) The final determination of eligibility is made by Worcester Energy Program Manager, in their discretion, based on your application and the availability of funds.

* AFUE - Annual Fuel Utilization Efficiency; COP - Coefficient of Performance; EER—Energy Efficiency Ratio; HSPF - Heating Seasonal Performance Factor; SEER—Seasonal Energy Efficiency Ratio.

**Ductless Mini-Split cooling only units are not eligible.

Please see the Pilot Guide & Requirements for more information and to learn how to apply! (www.worcesterenergy.org)
